Let's Talk Fort Erie provides new opportunity for community input

FORT ERIE (February 26, 2021) The Town of Fort Erie has added another way to gather feedback from the Fort Erie community and businesses through an online engagement platform called [Let's Talk Fort Erie](#) (LTFE). LTFE gives online users the ability to share their opinion regarding past, current and upcoming projects in Fort Erie.

"Input received through Let's Talk Fort Erie will help town staff better understand different perspectives, opinions and concerns regarding Town decisions," says Tom Kuchyt, Chief Administrative Officer. "Public feedback is extremely important to us. This new online platform will open the doors for new opportunities to engage with residents and businesses on Town projects and initiatives in a convenient and informative way."

Registration is required for those who are interested in providing feedback but it is not required to review active and/or archived projects. Once registered, users will be able to participate in all discussion forums, surveys, polls and other input opportunities on the platform. Current projects include the cannabis legislation and policy study and the 2021 road resurfacing program.

If you have any questions about letstalk.forterie.ca, please email communications@forterie.ca.

If you have a question about a specific project currently open for consultation, please contact the relevant project officer. Their contact details can be found in the "contact us" section for each project.
