### **Service Animals**

Candidates and scrutineers are permitted to be accompanied by a service animal at all Voting Places and other designated election locations.

### **Campaign Expenses**

Expenses that are incurred by a candidate with a disability that are directly related to the disability and would not have been incurred but for the election to which the expenses relate are excluded from the permitted spending limit for the candidate.

## **ASSISTANCE TO ELECTORS**

### **Voting by Proxy**

A person with a disability who is homebound or otherwise unable to go to a voting place, and is entitled to be an elector and is not able to attend the advance vote or voting place on Voting Day to vote, may appoint another person (but only one) as a voting proxy to vote on their behalf. The person acting as a proxy must also be an eligible elector. A person appointed as a proxy may only act for one person who is not a relative, or, they may act as proxy for any number of relatives who are spouses or siblings of each other, parent and child, or grandparent and grandchild). The person appointed as a voting proxy must be entitled to be an elector in the Town of Fort Erie.

Proxies on the prescribed form can only be issued during the period August 22<sup>nd</sup>, 2022 after 4:00 p.m to the close of voting on Voting Day. Applicants to act as proxies must attend the Office of the Clerk in person and present a prescribed appointment form signed by the elector. The person appointed as voting proxy must sign the form in the presence of the Clerk and produce suitable identification (birth certificate, passport or driver's license, etc.). The Clerk will certify the appointment form and this document must be presented at the voting place.

The name and information of the elector and the name and information of the voting proxy must appear properly on the Voters' List or be so added or corrected upon application for a revision before the proxy is accepted by the Clerk.

The appointed proxy must produce the proxy with the Clerk's certificate to the Deputy Returning Officer when attending to vote and must take the prescribed oath.

A person acting as a proxy may attend any advance vote location but on Voting Day must attend the voting place designated for the elector for whom they are voting.

**MUNICIPAL ELECTION 2022 – MONDAY, OCTOBER 24, 2022**

The Clerk's Office will be open on Saturday, October 1, 2022, from Noon until 5:00 p.m. for the purpose of certifying proxies.

Proxy forms will be available for pickup at the Clerk's Office after August 22<sup>nd</sup>, 2022.

**Parking**

Designated or reserved parking for people with disabilities is to be provided close to the entrance of the Voting Place where possible. Accessible parking spaces will be clearly posted and easy to see from the road and marked with the International Symbol of Accessibility. The number of designated parking spaces will be increased at voting locations on Voting Day, where possible. Routine checks of routes to the entrance of the Voting Place will be made throughout the day.

**Service Animals**

Electors requiring service animals are permitted to be accompanied by a service animal at all voting locations.

**Entrance to the Voting Place**

Where the Voting Place has steps leading to the entrance, ramps will be provided to assist people using mobility aids or who have mobility impairments. Where possible, the slope of the ramp will conform to the barrier-free design requirements of the Ontario Building Code or the Canadian Standards Association Barrier-Free Guidelines and the ramp will be equipped with handrails. If the ramp is temporary, it will be securely attached to the steps so it cannot slip or wobble. Where the main entrance to the voting place is inaccessible, another entry point that is accessible will be used. Where possible the accessible entrance will be used as the main entrance for everyone.

The entrance for persons with disabilities will be clearly sign-posted, using the International Symbol of Accessibility. Every effort shall be made to ensure the door to the Voting Place is wide enough for a wheelchair or scooter to pass through easily; that door hardware is accessible and can be operated by a person using a closed fist or alternatively, if the doors are heavy, awkward to open or have handles that are out of reach, they will be propped open in a safe manner or manned.

**Interior Voting Area**

Access to the interior voting area and voting booth shall be level and easily traversed. Any doormats or carpeting shall be level with the floor to prevent potential tripping hazards. All voting areas will be lit and seating made available.

### **Accessible Voting Booths**

At least one accessible voting booth will be available at each Voting Place. Such voting booth will be low in height and have a wide area to allow for individuals who use a wheelchair or scooter to vote independently and secretly. A large print Notice of Ballot shall be displayed in close proximity to the voting booth. Magnifying sheets will be made available to assist any individual with low vision.

### **Voting Assistance**

Persons with disabilities may be accompanied by a support person within the Voting Place. In addition, the Deputy Returning Officer in each Voting Place can assist the voter in casting their vote. Prior to entering the voting booth, the Deputy Returning Officer shall, in conjunction with the person with the disability, determine the extent to which they need assistance and the best way in which the assistance can be provided. This may include actually marking the ballot as directed by the person with the disability. All persons assisting a voter with a disability will be required to swear an oath.

A Deputy Returning Officer is authorized to attend any place within a voting location to serve a voter.

Where a Voting Place is located in an institution or retirement home, the Deputy Returning Officer can attend on voters in their specific living areas or at their bedside to assist them to vote. All Deputy Returning Officers are sworn to an oath of secrecy.

### **Accessible Voting Ballot Marker Device**

This device allows an accessible voter the ability to mark their paper ballot, using an audio presentation and a hand-held vote selector device (or paddles device, or sip-and-puff device). Once the ballot is marked by the device, it is indistinguishable from a ballot marked by hand, since the vote markings printed on the ballot are actual random images of hand-made marks stored on the unit. This maintains accessible voter privacy, since accessible ballots cannot be discerned from ballots marked by hand. Once the accessible ballot is marked, it is fed into the tabulator and scanned, as per normal. The tabulator running the Ballot Marker Device also simultaneously services standard voters, who insert their hand-marked ballots into the tabulator while the accessible voter is using the Ballot Marker Device feature. The fact that one tabulator can service both standard voters and accessible voters at the same time greatly increases efficiency in the voting locations. In addition, the process creates an equal voting experience for all voters of differing abilities.

## FEEDBACK PROCESS

Feedback about the manner in which election services are provided to persons with disabilities may be submitted to the Office of the Clerk through a variety of methods including:

1. Telephone: 905-871-1600
2. In Person: Office of the Clerk, 1<sup>st</sup> Floor, Town Hall  
1 Municipal Centre Drive, Fort Erie, ON L2A 2S6
3. Fax 905-871-4022
4. Email [cschofield@forterie.ca](mailto:cschofield@forterie.ca)
5. Mail Office of the Clerk,  
1 Municipal Centre Drive, Fort Erie, ON L2A 2S6

The feedback process provides election staff with an opportunity to take corrective measures to prevent similar recurrences, address training needs, enhance service delivery and provide alternative methods of providing election services. Feedback forms will be available in the Office of the Clerk, on the Town's Election Website, or with a poll worker on Election Day.

Feedback from our customers gives us the opportunity to learn and improve. Feedback may be provided by an individual with a disability in a format that is most convenient for them such as by telephone, in person, in writing, by email or by delivering a diskette. All feedback will be kept in strict confidence and used to improve the delivery of accessible customer service. A response to the feedback will be provided in the manner in which it was received.
