

Notice of Public Information Centre

Dovercourt Road Watermain

The Town of Fort Erie has initiated engineering design for the Dovercourt Road Watermain Replacement project. The proposed works include replacement of the existing watermain, improvement to the storm drainage system and road resurfacing from Graeber Avenue to Roxborough Avenue.

Public consultation on the proposed design and getting feedback is an important component of the project. As part of the public consultation for this project, a formal Public Information Centre (PIC) is being held to provide interested parties with an opportunity to review the design and construction plans. This is a pre-approved Schedule A+ Municipal Class Environmental Assessment (MCEA) project. Those attending the PIC will have an opportunity to meet with the Project Team and discuss issues related to the project. The PIC will take place on:

Wednesday, August 2nd, 2017

6:00 to 8:00 p.m.

at the

Fort Erie Public Library – Crystal Ridge Branch, Meeting Room

89 Ridge Road South, Fort Erie, ON L0S 1N0, (905-894-1281)

If you would like to learn more about the project and are unable to attend the PIC, please contact:

Ryan Maiden, B.Eng.

Project Manager- Engineering

Town of Fort Erie, 1 Municipal Centre Dr.
