

## Town of Fort Erie Active Transportation Master Plan (ATMP) Notice of Public Open House

In January 2019 the Town of Fort Erie started the process of developing an Active Transportation Master Plan (ATMP) with the goal of establishing long-range, strategic and comprehensive plan that provides direction to Town Council and staff to support the planning, design, development and implementation of a Town-wide active transportation network as well as supportive policies and strategies.

As we near the completion of the proposed network, we are looking for your input! We will be hosting a public open house to review, discuss and comment on the work that has been completed to date. Please join us to share your ideas and help shape the future of AT in Fort Erie!

**Wednesday September 11th, 2019 | 5:00 – 8:00 p.m. |  
Town Hall (atrium), 1 Municipal Centre Drive.**
